

# OpenChain SBOM Study Group

#1 – Introduction to Telco SBOM Guide – 2024-09-25

# Anti-Trust Policy Notice

- Linux Foundation meetings involve participation by industry competitors, and it is the intention of the Linux Foundation to conduct all of its activities in accordance with applicable antitrust and competition laws. It is therefore extremely important that attendees adhere to meeting agendas, and be aware of, and not participate in, any activities that are prohibited under applicable US state, federal or foreign antitrust and competition laws.
- Examples of types of actions that are prohibited at Linux Foundation meetings and in connection with Linux Foundation activities are described in the Linux Foundation Antitrust Policy available at <http://www.linuxfoundation.org/antitrust-policy>. If you have questions about these matters, please contact your company counsel, or if you are a member of the Linux Foundation, feel free to contact Andrew Updegrave of the firm of Gesmer Updegrave LLP, which provides legal counsel to the Linux Foundation.

# Agenda

- Housekeeping  
5 mins
- Talk about existing market solutions: Case Study – Telco SBOM Guide  
40 mins
- Discussion  
10 mins

# OpenChain SBOM Study Group

**Vision:** Exploring practical SBOM **“how to use”** information available to everyone

**Form:** Monthly workshop, one case study per workshop – about 1 hour

We have a dedicate GitHub repository – meeting minutes etc.

- <https://github.com/OpenChain-Project/SBOM-sg>

## How to Participate.

- Join our Slack Channel

To participate in our conversations, please join the OpenChain SBOM Study Group on Slack. If you don't have an OpenChain Slack account, you can create one by using the link below:

[Join OpenChain Slack](#)
